

C (gcc 6.3)

Code gets autosaved every second

```
1 #include<stdio.h>
2 int main()
3 {
4     int n,i=0;
5     printf("Enter the number\n");
6     scanf("%d", &n);
7     while(n!=0)
8     {
9         i++;
10        n=n/10;
11    }
12    printf("Number of digits %d",i);
13 }
14
```
